Dear Parent/ Carer,

Together, we have navigated through a very challenging time for our children and we thank you for your support throughout. As we head towards Christmas, I am receiving a lot of communication regarding our stance on pupil attendance for the last week of term. More specifically, I have been asked if there will be any punitive measures taken against parents who wish to remove their children from school in order to isolate within the family leading up to Christmas day.

We fully respect your wishes in this regard and will support the decision that you make.

Whatever your decision, we wish you an enjoyable Christmas break. Your children have been a huge credit to their school and have done you proud. They are extraordinary people and we look forward to working with them in a New Year that we hope will bring better times.

Take care and enjoy the festive season with your families.

All the best.
Nadollog Llawen,

Heather Nicholas
Headteacher
